

In God We Trust

To Kentucky State Legislature:

We, the undersigned, have had enough of the poor academic achievement, crime, murders, and drugs that were caused by taking God out of our public schools. Therefore, Kentucky should join Arkansas and Tennessee and prominently post our national motto "In God We Trust" in every public school classroom, auditorium, and cafeteria in our state, with the American flag and Kentucky flag. The motto shall be 11 x 14, framed, and prominently displayed and donated without state money. Therefore, our national motto, "In God We Trust," should be posted with the American & Kentucky flags in every public school classroom in Kentucky.
